# COVID-19 Health Information

## About The Covid-19 Vaccine

Vaccines are one of the safest and most important public health tools to protect against serious illness and prevent the spread of dangerous diseases, like COVID-19. Specifically, vaccines help our bodies develop immunity to viruses and prevent us from getting sick. Review the Maryland Department of Health's [frequently asked questions](#) about the COVID-19 vaccine. Baltimore County receives doses of approved vaccines directly from the State of Maryland.

## COVID-19 Vaccine Distribution

In alignment with the State's vaccination plan, the Baltimore County Department of Health is working to distribute the vaccine. Find information about the current status of [vaccine allocation](#) to priority groups in the County.

### Submit a Vaccine Registration Request

Baltimore County residents who want to be vaccinated should complete the online form. **Completing the form does not create an appointment for a COVID-19 vaccination.**

- \* [Submit your vaccine request](#)
- \* [Envíe su solicitud de vacuna](#)

After completing the form, residents will be contacted by County staff once they become eligible **and** when vaccines are available, with additional information about how to schedule an appointment. If you are unable to complete the form, please ask a friend, neighbor or family member for assistance.

**Please note:** There is limited supply of vaccine nationwide. Please be patient as the Health Department team works to provide everyone in the priority groups with an opportunity to make a vaccine appointment.

Visit [Baltimore County COVID-19 Vaccine Hub](#) for the vaccination plan and the current status of the allocations.

## COVID-19 Hotline

Residents can call 311 or Baltimore County Department of Health's hotline at 410-887-3816 with questions or concerns regarding COVID-19 such as testing and other pandemic-related matters. Please visit [Baltimore County's webpage](#) for days and hours of operation.

## Face Coverings Mandated

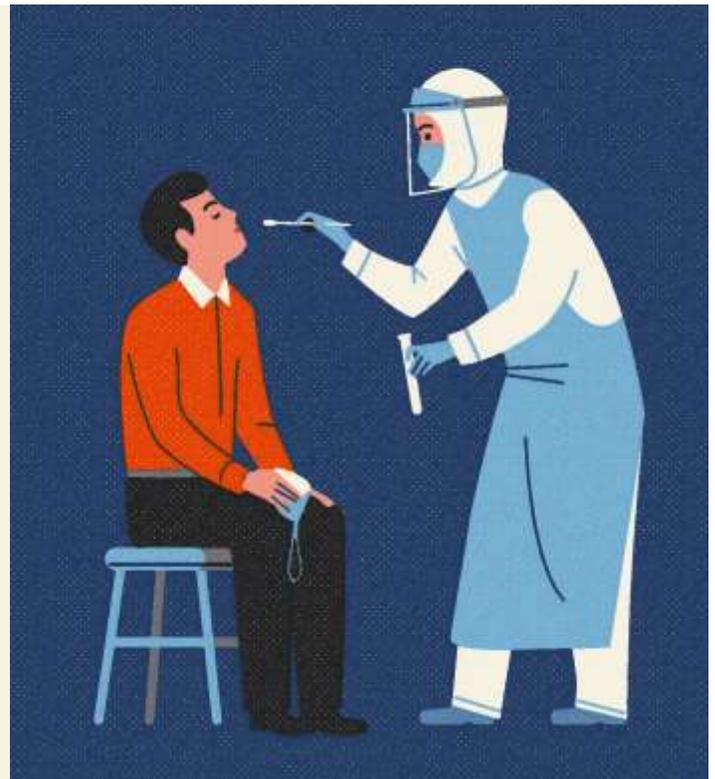

All Baltimore County residents ages 5 and up are required to wear face coverings in any indoor business, service, organization, or establishment that serves the general public. Residents are strongly encouraged to wear masks in outdoor public areas where social distancing of at least six feet is not possible. Visit the [website](#) for the latest requirements.

# Free COVID-19 Testing

The Baltimore County Department of Health is operating the following clinics to test patients for COVID-19.

## Schedule an Appointment: [Click Here](#)

These appointments are critical—only schedule one per person. Do not schedule multiple appointments for the same person—this will prevent others from scheduling. The name and birth date that you provide on the form must match the name and birth date on your identification. If you prefer to be called by another name during testing, please inform the testing staff.

### National Eviction Moratorium

The CDC has extended its [moratorium on evictions nationwide](#) until March 31, 2021. This declaration extends protections to renters at risk of eviction for nonpayment of rent due to income loss as a result of the COVID-19 outbreak. The CDC has provided a [Frequently Asked Questions](#) document.

Los Centros para el Control y la Prevención de Enfermedades (CDC) tomaron medidas sin precedentes el 1 de septiembre al emitir una moratoria nacional temporal sobre la mayoría de los desalojos por falta de pago del alquiler para ayudar a prevenir la propagación del coronavirus. Citando la amenaza histórica para la salud pública que representa el coronavirus, los CDC declararon que una moratoria de desalojo ayudaría a garantizar que las personas puedan practicar el distanciamiento social y cumplir con las órdenes de quedarse en casa. La moratoria entra en vigor el 4 de septiembre y durará hasta el 31 de marzo, cubriendo a decenas de millones de inquilinos en riesgo de desalojo. He aquí unas “preguntas frecuentes” sobre la moratoria y aquí el formulario de declaración CDC para tenantes con su traducción en español. (Arrendatarios deben someter la versión en inglés.)

### Mortgage Payments & Foreclosure Prevention

President Biden has ordered a foreclosure moratorium on all federally-backed mortgages until at least March 31, 2021. In addition, President Biden has ordered an extension on forbearance programs for federally-backed mortgages. Additional information is being made available at the time of publication. Please visit the [US Consumer Financial Protection Bureau's website](#) for more information.

Governor Hogan's Executive Order related to [Evictions, Repossessions and Foreclosures](#) remains in effect.

## Housing and Utilities Assistance (cont'd.)

Per Maryland's Department of Labor, homeowners should be aware that this order does not release the debt obligations or otherwise dismiss a foreclosure case that was already in process. However, the order may provide an opportunity to take advantage of mortgage relief programs to avoid foreclosure. Homeowners should contact their lender or servicer to discuss available options.

If there was already a foreclosure action filed in court or you received a Notice of Intent to Foreclose *prior* to April 3, 2020, then the foreclosure case may proceed. For help understanding the options when faced with foreclosure or assistance communicating with the mortgage lender or servicer, call the Maryland HOPE hotline at 1-877-462-7555 for a referral to a nonprofit housing counseling or legal service agency. Information and resources are available at: <https://www.dllr.state.md.us/finance/consumers/frmortgagecovid.shtml>.

### Energy Assistance Programs

The Maryland Office of Home Energy Programs offers several programs to help residents with their utility costs.

Customers must have a past due bill of \$300 or greater to be considered eligible. Customers may only receive an arrearage grant once every seven years, with certain exceptions.

### Maryland Income Tax Filing Deadline Extended

The Comptroller of Maryland announced that the state income tax filing deadline is **extended** until July 15, 2021. No interest or penalties will be assessed if returns are filed and taxes owed are paid by the new deadline. As of March 11, 2021 the IRS tax filing deadline remains April 15, 2021.

The extension, which applies to individual, pass-through, fiduciary and corporate income tax returns, including first and second quarter estimated payments, is due to recent and pending legislation at the state and federal levels that impact 2020 tax filings and provide economic relief for taxpayers harmed by the COVID19 pandemic.
